THE GALESICK ORPHAN

ARCHETYPE

The Gale took it all: Your mom and dad, your younger siblings, your dog. At least you think so. When you got out from the safety bunker, there was nothing left above ground. Not one single stone of your house was left intact. Everything was melted or twisted or scraped like by some giant with diamond claws. If you didn't know it wasn't so with such certainty, you would have thought it was a different place entirely. You don't want to think about what happened to your family. Only you do think about it, all the time. Gah! Why is there always this green flame at the periphery of your vision? And why is your mind so jumbled? The only thing you know for sure is that someone is going to accept *responsibility* for what has happened. Someone shieldside.

Special: You are still a teenager. You have bonded with a beginner cloud.

ARCHETYPE BOON

The Gale will never hurt you, but you are a teenager with the detrimental keyword "Galesick" placed on Archive.
