THE JADED DIVA

ARCHETYPE

You are the voice of this era—at least that is what your fans say! And you do have a fantastic voice. Not only can you sing the most demanding arias from Vatori composers, but you can sing modern and common material as well. Most people know you for your recordings, which are mass produced by the New Empire and distributed either as dissolving sound-cubes or as regional radio emissions. But you do the occasional tour as well, when you get bored or your publisher offers a stage in some place you haven't been. Lately you have been feeling that life is too constricted. You would like to go off the grid completely, just for a while, as an intrepid adventurer!

Special: You are a **palp alien**. You innate ability is **Omnivore** (0). You are resistant to Disease but vulnerable to Cold. You are impossibly thin.

†: Ru-Ank palm gun (d4/2)

ARCHETYPE BOON

You start with Reputation 8. You have fans, but you also have “fans”—within non-negligible quotes!—such as an officer in the Vatori secret police.
